What Have We Learned?

Driving into Sioux Falls the other day I heard on the radio a speaker --who was talking about the effect of the pandemic and the necessity for many to work from home—say, “the work place has changed forever. Workers in many professions have discovered that they have the option to work from home or at least to work in an office setting where there is significant freedom to choose the environment from which they will work.”

That long conversation got me thinking. I wondered what will end up being the sum total of what we have learned about ourselves as a congregation. I then started to think back to visits I have been having in the hallways and at committee meetings here at Beaver Valley, as well as with other pastors reflecting upon lessons learned in their congregations. The lessons are many.

For us here at Beaver Valley, the simple truth is that the Church across this country and our own congregation has been changed for the future as well. We, like most congregations, have discovered how vital digital communication was during the pandemic but also will be into our changing future. The youngest half of our culture at least jump on the internet (usually through their cell phone) to get their news, to make reservations, to get directions to places like our Pavilion, to listen to pod casts and even, believe it or not, a sermon once in a while.

All of this is to say that as we come out of the pandemic now, it is clear that we must not lose the wonderful capacity we have gained over the past year and a quarter to be able to live stream worship and have it posted on YouTube for folks to take in. It’s celebrating a newly formatted web site that will be easy to navigate on mobile devices. People will engage with our ministry in ways we have never seen in just a few weeks (be watching for an August 1 “launch” of our new BeaverValleyLutheran.org web site!) It’s evangelism we are talking about. It’s being the church in a very new way.

To make sure that we act upon what we have learned about the culture in which we plan to continue to grow our ministry, **our church council has voted to add a staff position. In this Tidings you will find a simple job description for the Director of media that we seek.** This person will coordinate “all things digital” for our congregation, week-in-week-out.

We have also learned that the challenges our young families face in being involved in a traditional Sunday morning Sunday School--all of that was becoming apparent even before the pandemic hit--are even more evident now. The prospect of finding a half dozen Sunday School teachers to commit to a solid year of teaching a room full of children is almost nil.

So how do we honor our baptismal promise to raise our children in the faith? The Christian Education committee has been brave and right to suggest that a new model for how we teach our children the basics of faith is required. Since late spring, the committee and I have wrestled with how

to offer a faith-building model that allows parents to be a part of Sundays with their children as often as possible, and to show up not feeling like they have been missing out....each lesson a standalone lesson, each morning a complete experience.

We are moving forward with a new Sunday morning with our children using the *Whirl* curriculum and video series published by Augsburg/Fortress. It's not a new curriculum that is going to fix everything, we know that. Using this new material, especially the new video components, will be the platform from which we work to create a fresh, one-room-school-house, way of gathering. It will allow for a festive, start to the morning. It will allow children to at times still be in their own age cluster all the while doing things like an Sunday School opening and sometimes a song at the end of the actual lesson time (for those parents and children who want to stay and be a part of a Sunday School choir.)

We have dreamed about how this could be a festive, no more than a half hour long time for parents and children to be in church faithfully together learning the essential stories of faith.

To make this happen, **the church council has approved the hiring of another part-time staff person. This person will be the director of our Sunday School program** (including organizing the volunteers required to make each week's Whirl Sunday School meaningful and fun, put on a great Christmas Program as well as organize our summer faith event...a VBS of some kind). That job description is also published in this newsletter.

What have we learned over the past year? That only those congregations that believe that God is at work among God's people like God always has been will stay alive. We know that evangelism, reaching out to the next and coming generations will require a great digital ministry. We know that finding ways that work for families to come and be a part of our faith community with their children is a blessed endeavor.

We pray for good people to step up and commit to making our ministry better. We trust God is alive among us as we come back together ready to head into a critically important fall.

Blessings,

Pastor Greg Johnson

Two Part-time openings.

Christian Education Director

Beaver Valley Lutheran will hire a Christian Education Director who will lead the Sunday School programming throughout the year. The job description is:

- Responsible for the coordination and execution of Sunday School programming, including the Christmas Program and a summer learning event (VBS in past years).
- This is a ten month contract: July –April.
- The Christian Education director will be paid a monthly stipend of \$400.
- It is assumed that this person will work an average of five hours a week @ \$18/hr. Some months more hours will be required than others (for instance, August training of volunteers, registration of children, preparation for Rally Sunday with Education committee and pastor will take more time than in February, when SS is in full swing and the system is well understood.)
- The Christian Education Director will be the “face” of Sunday School. This person will: Recruit and train adults to create a vibrant, new Sunday morning for our children.
- Work closely with the Christian Education committee, agreeing on seasonal themes and programming.
- Organize the necessary tools and program materials for the program.
- Oversee the Sunday School bulletin boards in the building.
- Work with the office staff to produce simple Sunday School communiques for each month’s newsletter.
- Be present in the building most Sundays.

Media Director

Beaver Valley will hire a media director to oversee the digital ministries of the congregation. This person will be responsible for:

- recruiting and training of volunteers who will record/live stream Sunday morning worship services. These YouTube recordings will be sent to be used by Alliance Communications for the Wednesday night broadcast.
- making sure that all services are available through our Church website and social media channels in a timely fashion.
- will spend time each week working with the office manager in adding new content to the church web site and/or social media channels.
- Coordinating the volunteer schedule to ensure proper service and special event coverage.
- They will be paid \$400/month.

(Any person interested in interviewing with the Personnel committee for either of these positions should contact the church office: 582-3504 or bvlcmedia@alliancecom.net.)

DRIVERS NEEDED IN AUGUST

Beaver Valley Lutheran Church delivers hot, nutritious meals to the Brandon community shut-ins for the months of March and August. During these months, we are in need of people to help deliver meals. The meals are picked up at Splitrock Apartments at 1100 Teakwood St. at

11:50. The Red and Blue bags are inside the front door. When picking up, double check the list to make sure there are no new additions for the Splitrock apartments, then deliver the meals in the apartments and continue with the city deliveries.

Active generations will exchange the red and blue bags each day with a new list. Keep track of your time and mileage each day. Sign off each day with your information and return list and bags to the Splitrock Tower Apts.

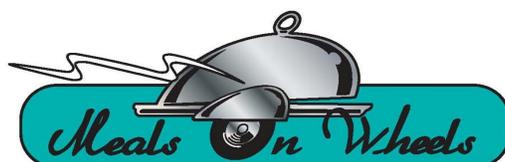

Please call me if you have questions anytime during delivery. Beth 261-3796

There is a list of names and their addresses with directions on how to get to the residence within the city and Bethany Meadows.

Depending upon the number of clients receiving meals, it takes approximately 45 minutes to an hour to deliver.

It is a very rewarding experience and families with children may want to consider making it a family service project before school starts. It is easier to have two people each day, one to drive and the other delivers the meal to the client.

Please sign up on the MOW calendar by the church office which will be posted in July. If you have not driven or delivered before, you need to fill out a volunteer application with your personal information. This form is necessary for liability for Active Generations. I will get it to you when you sign up. BF

MMSC: Motion to Approve May Treasurers report made by Sue Johannsen and Seconded by Corey Maunu.

Motion carried. Treasurer's Report is available for viewing in the Church Office.

Business:

Pastor's Report:

- Corey Scott is interning with Pastor Greg and both are learning a lot from each other. Administration is important to a church. "The Business of the Church" is a book Greg found and shared part of. A church needs to use its people to remain a healthy congregation. A Pastor needs to delegate, committee chairpersons need to delegate, etc. It's when you have people saying, "my congregation is a place where I am involved" that good things happen.
- We need to each bring at least two things we are working on to council meetings as committees.
- Discussion had about two new positions to be added to the church. Christian Education Director, Media Director. Discussion was to turn over to the personnel committee to discuss and report back at the July Meeting to start in August.
- Sr. High trip to Chamberlain (Aug. 1st and 2nd) is set up. It will be 24-hour trip to Saint Joes. There will be Fishing, boat rides, and along with an interactive tour of the Akta Lakota museum with St. Joe's staff. Will leave after church and back Monday noon.
- Wednesday outdoor worship committee is growing, but could use a few more.
- New member class is started and have some great families joining.

Committee Reports:

Cemetery Committee:

Mowing is doing great, talk about looking into fixing and straightening Tomb stones. Will find out expense

Church in Society:

Working on collecting for the Brandon Food Pantry

Education and Youth Ministry:

Meeting on Thursday to discuss August "Family of Faith" event. Excited about discussion on Sunday School Director position.

Evangelism and Outreach:

Michael Discussed the plan for the upcoming concert on June 26th with the Hegg Brothers. 3 new families joining on June 20th.

Media:

New web site is in the testing face and it has even been designed for mobile. Not sure when it will go live yet but working to make it great. David asked if it will capture hits and if not, he would like to help.

Media director would be a great addition to what we are currently doing.

Personnel:

Thank you for the new assignment

Property:

Boiler is being looked at, AC is scheduled for maintenance on the 24th. Bruce thanked David Schnabel for the work on the fence.

Stewardship:

Excited about all the upcoming events and happenings in the church

Worship and Music:

Adult Choir to return in late July. Could use a few more for outdoor worship team.

Beaver Valley Alive:

Outdoor Ministry task force is getting started, right now just a think tank. Would like to start thinking about how much money they will have so can design in budget. Stacy informed there is currently \$6722.29 in the budget, but electric can affect that money. Talked about defining the Cemetery boundaries to use the space properly.

Beaver Valley Churchmen:

Men would like to help with the Sweet Corn Social on August 15th.

Beaver Valley Women:

Sweet Corn Social meeting was held and no more meatballs, Men will be doing a pork loans instead. Did 425 people 2 years ago but planning on 550 people. Bruce asked if Sue is feeling better about this event. She is very excited with men willing to help with all of the outdoor details.

MMSC: Motion to adjourn the meeting was made by Bruce Bonander and Seconded by David Vanden Hull Motion Carried.

Parish Life Groups

We did not have a PLG meeting in June. As we ease back into things, we are going to ask that our third PLG, *PEACE*, group be ready to help with funerals or church needs over **July, August, and September**. When parish life events and needs arise or are formulated by the group themselves, you will be contacted and invited into the joyous, often servant work of Beaver Valley.

**The fourth PLG, JOY, group will be meeting in September. Please watch for details in the upcoming months.
